**IIMSAM solicits the support of Lord Janner of Braunstone, QC for its Spirulina Initiatives and affirmative action plans to realise UN MDGs and a world free of hunger and malnutrition**

(Rt. Hon. Lord Janner of Braunstone, QC with H.E. Amb. Manish Uprety at the Houses of Parliament, UK)

(United Nations Headquarters, New York, 8<sup>th</sup> July 2008) To fulfil its mandate of a world free of hunger and malnutrition by making Spirulina a key-driver for the same; IIMSAM approached Lord Janner of Braunstone QC to solicit his support for organisation's Spirulina initiatives and other affirmative action programmes.

Mid-East is a priority area for IIMSAM to launch its Spirulina initiatives to eradicate malnutrition and affirmative action programme CAMP MARADONA-Global Sports for Peace and Development to provide holistic education to children through sports; in the region.

A firm believer in participatory approach to realise the United Nations Millennium Development Goals by forging partnerships with various stakeholders, IIMSAM approached Lord Janner QC through its Resident Representative to the Republic of India, H.E. Ambassador Manish Uprety.

Lord Janner of Braunstone QC is the Vice-Chairman of the British Israel Parliamentary Group, British India Parliamentary Group and British Egypt Parliamentary Group. The founder and Secretary of the All Party Parliamentary War Crimes Group, Lord Janner was a key player in the adoption of the 1991 War Crimes Act.

IIMSAM's Director-General H.E. Amb. Remigio M. Maradona stated- **I am confident that the support of Lord Janner and the British government would be crucial for IIMSAM to eradicate hunger and malnutrition not only in the Mid-East region but from across the globe. We look forward to work with the British government in the sphere of international development especially to make Spirulina a key-driver to eradicate malnutrition, achieve food security and bridge the health divide in the developing and the least developed countries.**
