experience of the United Nations System and of various processes and procedures that are part of the global decision making process. During their stay, they will also follow the daily work and conference participation at the United Nations with the IIMSAM Diplomatic personnel; learning and experiencing how the United Nations system works to strive for a better world in the struggle for human rights, education and peace.

Director-General Ambassador of IIMSAM H.E. R. Maradona stated *“I am grateful for Ms. Reichert’s assistance for making it possible to be here providing imperative help to our noble cause. Being a former interne myself I feel that allowing the young to have an opportunity of an internship in IIMSAM gives them an invaluable experience for their professional development. I know it did for me. This is why I will always stride to provide young people an opportunity with us, for I am proud to say that we are one of the few IGOs/Missions that has an Official Youth Delegate Programme that promotes the participation of young people in the day to day diplomatic work of an observer Mission.”*

Brief Bio of Ms. Jonneke Reichert (The Netherlands):

Is an enthusiastic philanthropic individual who is currently writing her thesis in the field of International Criminal Law. As she finds herself confronted with harsh human rights situations on a daily basis, she is eager to contribute to the improvement of people’s miserable living conditions. After obtaining her LL.B. in Dutch Law from Utrecht University, Jonneke decided to pursue her Master’s degree in International and European Law at the Radboud University in Nijmegen. Her specific interest in human rights has developed immensely ever since she studied Human Rights Law in Stockholm, Sweden, under the ‘Socrates’ exchange programme. In her private life, she is mad about children. In summer she is a staff member for a youth travel organisation, in winter she works as a ski-instructor. Furthermore, she loves traveling and spending time with friends.
